Oct 21, 2023 by Triton Staff

Cantiere del Pardo (CdP), a sail and motor yacht manufacturer, has been acquired by Calzedonia Group and Wise Equity Fund. Since its founding in 1973, Cantiere del Pardo has launched more than five thousand boats under the Grand Soleil brand and more recently, with the Pardo Yachts and VanDutch Yachts brands.

The Calzedonia Group offers growth and development for Cantiere del Pardo new models. CdP will continue to invest in sustainability, innovation and research-and-development; CdP managers Fabio Planamente and Gigi Servidati will maintain a minority stake in the company and are expected to continue to work with the future development of the shipyard.
